

A.J. Parry

Growing up at St. Pauls Lutheran Church has been a great experience and I have taken so much out of my childhood in the church. I have had many opportunities to grow and learn in the church and I am thankful that I had these chances. Going from a child in the church to a member of it is going to be an exciting new adventure that I am prepared and nervous for.

One of the steps of being a confirmed member of the church is acquiring a relationship with God and Jesus. To me Jesus is the leader of the church who will guide me through any of my life's problems. No matter how big or how small they are, Jesus is always there for me.

St. Pauls has been an amazing help in growing up in the church. The Bible classes I took when I was younger up until now has helped me learn about the Bible and God in a comfortable way that was educational, spiritual, and enjoyable. Also, the friends I have made through the church are incredible and without the church I probably would have never made these connections.

This church has changed me in many ways and I would not be the kind of person I am today without the church and without the people in it. The members of St. Pauls have always supported me in anything I wanted to do and helped me in any way they could. I would not have the leadership skills that I do if it was not for the church. I would also not have the morals I have if it weren't for the church instilling them into me ever since I was little.

I am very thankful that I have a church like this to go to and I hope that it stays a part of my life for a long time and maybe someday it will be a part of my kid's life. And I hope they get as much out of it as I did.
