

Kelsey Anne Dias

Hi my name is Kelsey Dias. I first started coming to St Paul's in 6th grade. It was strange to come into a church where people actually cared about each other instead of faking their concern and going home to pretend to be "Christian" just because they go to church every Sunday but don't live by God's ideals on a daily basis. For me, it was harder to adjust into the church because all the other kids had been with each other since they were little, but I eventually got comfortable and some of the best memories of my life at church activities, like Lutherlyn. Church has also provided me a safe haven from my problems, like school stress, my parent's divorce, my papa's death and my mom moving away. It has helped me to become who I am today and I'd like to thank my mom for always being there and supporting me, even though I can be a pain, Emily Collins and her family for involving me into this church, Amy, for teaching me not to cause chaos in the church and anyone else that helped me on my journey to where and who I am today.
